**Figure 12: Standardised Admission Ratio for Accidental Falls – 2010/11**

All of the figures presented here have been standardised to the England average admissions ratio. This means that the figures shown for wards, Tower Hamlets and for London are shown in relation to the England which is represented as 100 (the red line).

These figures are estimates and not a precise measure; the confidence intervals shown give an idea of the uncertainty attached to the estimate and the range of possible values.

Notes: \* All data are rounded to nearest percentage point (post calculations). Changes or differences that are statistically significant are denoted by arrows. See Appendix Table B1 for longer trends in satisfaction.

# Less than 20 per cent of the sample population used these services, so sample sizes are relatively small and the confidence intervals attached to these data are larger (around ± 7 to 9 percentage points) than for other services. Services used by less than 10 per cent of the sample population are excluded altogether due to poor reliability.

## Advice on interpretation of survey data

As the data are based on a survey sample they are estimates not precise measures. All survey estimates have a degree of sampling variability attached to them which needs to be borne in mind when interpreting findings, particularly for estimates based on small samples or for comparisons over time.

The concept of 'statistical significance' is used here to highlight those differences that are likely to reflect real changes over time (or between groups), as opposed to those which may be simply reflecting sampling variability. Green and red arrows are used to denote statistically significant differences.

## ROAD AND PAVEMENT MAINTENANCE

The council is responsible for the maintenance of roads, including pavements and footways.

The exception to this is private streets, unless they have been adopted (when council takes ownership of a 'private street') by the council.

Please let us know about any problems which you feel need to be addressed. You can take a photo of the problem and upload it using the reporting form found on the following webpage: [www.towerhamlets.gov.uk/gsl/501-550/537\\_pavement\\_maintenance/clean\\_clear\\_footpaths.aspx](http://www.towerhamlets.gov.uk/gsl/501-550/537_pavement_maintenance/clean_clear_footpaths.aspx)

Alternatively, you can call us on **020 7364 5004**, or send an email through to [general.enquiries@towerhamlets.gov.uk](mailto:general.enquiries@towerhamlets.gov.uk)

### Private Streets

A private street is a street that is not maintained by the council. The responsibility for private streets lies with the street owners, usually the people who live on the street.

How do I report a private street that has unsafe paving?

- You need to report the problem directly to the owner (usually the frontage).
- If the problem is thought to be a 'danger' (for example a deep hole in the road suddenly appearing), please contact us. The council will arrange to make it safe by placing barriers or road closures around the hazard.
- However, permanent repairs still have to be carried out by the owner/s.

How do I report a problem with gullies and drains on a private street?

If thought to be dangerous (for example a missing gully lid), please contact us (using the details above). The council will arrange to make the problem safe. The owner will then need to make permanent repairs.

### Transport for London Roads

Transport for London is responsible for the Transport for London Road Network (TLRN), known as 'red routes' (because of the painted red lines) and all trunk roads.

These can be found on their website on the following webpage:

[www.tfl.gov.uk/roadusers/redroutes/953.aspx](http://www.tfl.gov.uk/roadusers/redroutes/953.aspx)

You can report a problem, a road defect (such as a pothole) or issues with traffic lights and street lighting on all red routes and trunk roads in London (including those which flow through Tower Hamlets), using 'Report IT', TfL's online reporting system. This can be accessed via the following webpage:

## CLEANING

### Waste Collection

All refuse and recycling are collected via sacks from directly outside your door on the designated day(s). Refuse and recycling must be kept inside the property at all other times.

You can download the 'domestic refuse collection timetable' via the following webpage:

[www.towerhamlets.gov.uk/lgsi/501-550/533\\_recycling\\_and\\_waste\\_at\\_home/waste\\_collections.aspx](http://www.towerhamlets.gov.uk/lgsi/501-550/533_recycling_and_waste_at_home/waste_collections.aspx)

Please inform us of any missed collections by contacting us on **020 7364 5004** or sending an email to [general.enquiries@towerhamlets.gov.uk](mailto:general.enquiries@towerhamlets.gov.uk)

### Fly-tipping

We keep the streets safer and cleaner by removing tips of rubbish that have been dumped on public land, roads and pavements. We aim remove reported fly-tips by the end of the next working day. However, if the tip is very large or contains hazardous materials, this has to be reported to the back office for investigation. If so, this may take a little longer to deal with.

Fly-tips on private land should be dealt with by the land owner.

You can report incidents of fly-tips using the appropriate online form which can be accessed via the following webpage:

[www.towerhamlets.gov.uk/lgsi/551-600/587\\_flytipping\\_enforcement\\_an.aspx](http://www.towerhamlets.gov.uk/lgsi/551-600/587_flytipping_enforcement_an.aspx)

Alternatively, you can call us on **020 7364 5004**, or send an email through to [general.enquiries@towerhamlets.gov.uk](mailto:general.enquiries@towerhamlets.gov.uk)

## PARKS AND OPEN SPACES

The council maintains a wide variety of landscapes in parks and other green spaces. Maintenance includes keeping the grass cut, pruning shrubs, roses and hedges and maintaining flower beds. The parks and open space service also carry out cleaning operations to empty bins and remove litter.

Tower Hamlets parks also offer a great variety of opportunities for a more active lifestyle. The sports and play facilities are maintained by the council and can be found under each park listed in the Tower Hamlets A-Z Parks guide:  
[www.towerhamlets.gov.uk/igs/451-500/461\\_parks/a\\_z\\_of\\_parks.aspx](http://www.towerhamlets.gov.uk/igs/451-500/461_parks/a_z_of_parks.aspx)

Tower Hamlets Council **do not** cut grass or maintain green space that is:

- privately owned
- on properties/estates owned by bodies other than the council
- located on Red Routes and trunk roads (these are the responsibility of Transport for London)

We are keen to continue improving our landscaping services, so if you feel any areas could be enhanced or if you have any comments please contact us using the details below.

## **NOISE**

The Council can help with most problems, complaints or enquiries concerning residential and commercial noise.

Environmental Protection officers have powers under the "Statutory Nuisance" provisions of the Environmental Protection Act 1990 to investigate and enforce in matters such as:

- DIY, amplified music, musical instruments, domestic appliances, leisure activities, hobbies, parties
- car alarms (including breaking into vehicles to disarm the alarm)
- burglar alarms (including entering buildings to switch off the alarm)
- street noise, for example, stationary vehicles with engines running, refrigerator units, car repairs, audio systems in stationary vehicles

The investigating officer will assess whether the alleged perpetrator is causing unacceptable disturbance to their neighbours: Where the Council finds the noise level to be deemed a "Statutory Nuisance", we can take action (i.e. serve a Notice) to require the nuisance to be abated. If the noise is from a portable electronic source (e.g. hi-fi, radio), we can obtain a Warrant to seize this equipment if the problem continues after Notice has been served. The Council can also prosecute for breach of Notice.

Some issues fall outside the scope of "Statutory Nuisance" which means the Environmental Protection Service does not have powers to deal with them. These include aircraft noise, rowdy behaviour in the street, everyday domestic noise from your neighbour (e.g. people moving around and talking, noise from flushing toilets, children running around).

**Construction sites** are required to comply with the Council's Code of Construction Practice, which specifies the permitted hours for noisy works (0800-1800 Monday to Friday; 0800-1300 Saturday – not at all on Sunday or Bank Holiday). Failure to comply with these times or emitting excessive noise could lead to the Environmental Protection Service serving notice under the Control of Pollution Act 1974 and taking action through the courts.

**Proactive work:** We can also carry out noise assessments and monitor major construction sites to protect the wellbeing of the borough's residents and businesses. Our proactive work also includes commenting on Planning and Licensing applications. Tower Hamlets Council actively works with residents, businesses, developers and regional partners to control levels of noise.

## TOWER HAMLETS ENFORCEMENT OFFICERS

We know that crime and anti-social behaviour are things that worry you; Tower Hamlets Enforcement Officers (THEOs) are a uniformed civil enforcement team who provide a local presence to reassure and respond to your concerns.

THEOs work in partnership with the police who have accredited them with powers to tackle anti-social behaviour and environmental crime under the Community Safety Accreditation Scheme. They are supported by a network of services including Environmental Health, Trading Standards, Licensing and Markets.

Whatever the challenge, we'll help you solve it.

The THEOs focus on:

- Anti-social behaviour concerns
- Street drinking disorder
- Dog fouling
- Littering, graffiti and fly-posting
- Illegal street trading
- Noise

You should contact the police to:

- Deal with public disorder & violent situations
- Tackle drug dealing and drug taking
- Respond to and report crime
- Address persistent anti-social behaviour

**Speak to your local THEO** – working with local police and other council teams in your area, our friendly and approachable officers are there to help while out on patrol.

**Contact the police on 999 in an emergency** – when a crime is happening, someone suspected of a crime is in the area, someone is injured, being threatened or in danger.

**Contact the police on 101 in a non-emergency**– to report a crime or ASB that has happened, seek advice or speak to your local people.

## HOW THEOS WORK IN THE NEIGHBOURHOODS

### STOPPING ILLEGAL STREET TRADING

An officer out patrolling Bethnal Green Gardens noticed a woman suspiciously with a large suitcase. The officer spoke to the woman and discovered that the case contained 900 packets of counterfeit cigarettes. Trading standards were alerted to the case and the woman now faces prosecution at court with a substantial fine.

### ENFORCING AGAINST ALCOHOL-RELATED ANTI-SOCIAL BEHAVIOUR

Two THEOs out patrolling a Drinking Control Zone in Whitechapel Road were obstructed by a drunken man. The officers asked him to stop drinking and hand over the alcohol as he was acting anti-socially in a Drinking Control Zone. Unfortunately he refused to do so and walked away hurling verbal abuse at the officers. The officers then alerted the police to the incident and tracked him through the area to ensure he didn't cause himself or anyone else any harm.

He is being prosecuted for failing to comply with officers in a Drinking Control Zone and faces a fine of up to £500.

### TACKLING CRIME AND ENVIRONMENTAL CRIME

Officers carrying out school safety patrols witnessed a man flyposting banners to railings in Campbell Road. The officers approached the man and obtained his details and after he gave them several false names they eventually gained his true identity which was duly verified and he faces being fined at court.

### TACKLING DRUGS

When a THEO patrolling Whitechapel witnessed a man taking drugs in a telephone box near a man taking drugs in a telephone box near Percy Ingles, he approached the drug taker. Percy spoke to him and alerted the police. The police arrived, arrested him and took him to the police station for a drug search.

THEOs often carry out joint patrols with Drug Outreach Workers who will approach street drinkers and drug users to inform them of available support. They offer to refer them onto specialist services that can assist them in making the first steps to recovery.

### ADDRESSING YOUTH DISORDER

Following complaints from residents of Welstead House in the area, the THEOs patrolled the area to support Tower Hamlets Homes in tackling the issues. Over several patrols, THEOs managed to identify all five young people causing the problems and passed their details onto Tower Hamlets Homes' Investigating Officer. Unfortunately the young people didn't attend the Acceptable Behaviour Contract (ABC) meeting so THEOs went with the THH Officer and visited each young person's home where all five signed ABC's

\*an ABC is a contract that they will not do certain things which affect other people's quality of life.

## **LEISURE CENTRES AND FACILITIES**

### **Leisure Centres**
