

EASTER 2022

EASTER HOLIDAY ACTIVITIES PROGRAMME

Tower Hamlets Council has brought together a range of organisations offering free fun activities and a meal this Easter – and places are available for children in reception up to Year 11 (inclusive)

WHO:

This HAF programme, funded by the Department for Education, is for children and young people who receive free school meals at their schools.

WHAT:

All the programmes include at least one meal a day which will meet school food standards. There will also be an element of nutritional education each day aimed at improving knowledge and awareness of healthy eating.

Coupled with the food aspects of the schemes, fun activities will be provided with opportunities to try out new things or get involved in activities your child might already enjoy. The kind of activities will include physical sports or games, creative activities like music or drama and day trips.

HOW TO GET INVOLVED:

Find out more and book now by visiting the links below for specific programmes or call the numbers provided to enquire about individual clubs:

***SEND** – These clubs are SEND focussed or support can be available for SEND participants
