Dear Parent/Carer,

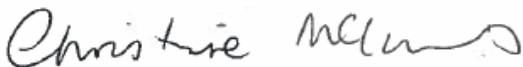

Integrated Early Years' Service - Overland Children's Centre

We are pleased to let you know that the buildings works for the rebuild of our delivery site, the Olga Centre are now completed. A full range of services are now running at Olga as well as giving the opportunity to develop further services in partnership with others such as the Child Health Clinic on a Wednesday morning run by the Health Visiting Service. We wish to fully utilise this purpose built and well equipped venue, so will be making some changes to our timetable after half term in order to accommodate this. Three sessions previously delivered at Victoria Park will now be delivered from Overland which has a large capacity for families. Some sessions currently run at Overland will move to the Olga Centre. Full details in a revised timetable will be available shortly or please ask a member of Overland Children's Centre staff.

Additionally we are seeking advice from our facilities team regarding the numerous issues with the building at Victoria Park. This has resulted in needing to cancel sessions at short notice for health and safety reasons.

We are planning an opening event at the Olga Centre for the community once the local elections are over.

Best wishes

Christine McInnes
Divisional Director, Education and Partnerships
Children's Services Directorate
