Resilience

The film, '*Resilience -The Biology of Stress & the Science of Hope*' is a documentary, produced to explain more about Adverse Childhood Experiences (ACEs) and their impact, but also how work in America is combatting them.

ACEs are traumatic events that affect children while growing up, such as suffering child maltreatment or living in a household affected by domestic violence, substance misuse or mental illness. They can impact on physical health issues such as heart conditions, mortality rates, and diabetes and on social issues such as exclusions from school, family violence, and addiction. The film looks at what ACEs are, what the impact of them and 'toxic stress' /allostatic load is, and also what can help to build resilience and buffer the impact of ACEs. A lot of this work is being done in America, with Scotland starting to take it seriously now too.

We are showing this film as part of our on-going work around emotional attachment and 1001 critical days and starting to have multidisciplinary conversations with colleagues from across the borough about how this could influence how we all work, given that the ramifications affect not only a child's lifespan but across generations too.

The Early Years Foundation Stage

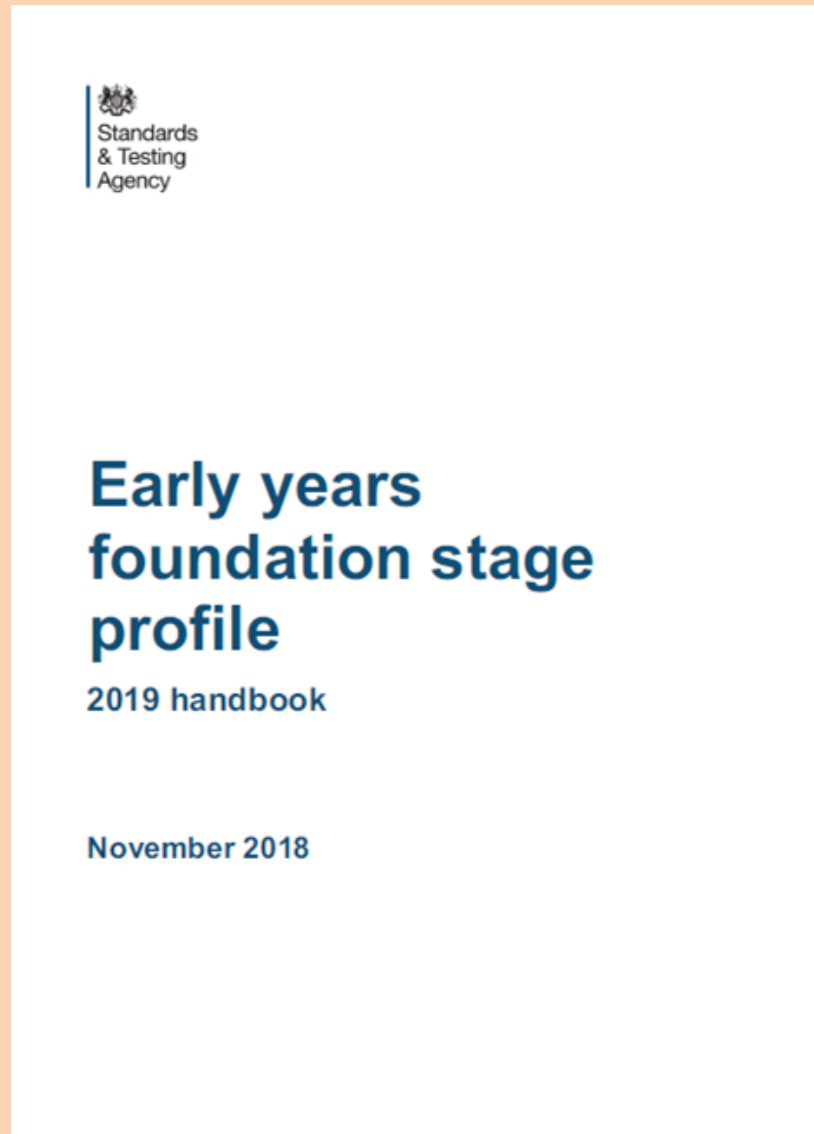

The Early Years Foundation Stage (EYFS) sets standards for the learning, development and care of children from birth to five years old. All schools and Ofsted-registered Early Years providers, including childminders, pre-schools, nurseries and school reception classes must follow the EYFS.

The statutory framework for the EYFS supports an integrated approach to early learning and care. It gives all professionals a set of common principles and commitments to deliver quality early education and childcare experiences to all children.

As well as being the core document for all professionals working in the foundation years, the framework can reassure parents. Regardless of where they choose for their child's early education, they can be assured that the same statutory commitments and principles will underpin their child's learning and development experience.

To view a copy of the Revised Statutory Framework for the EYFS click on the image of the document. The revised version came into effect from April 2017 and all practitioners, settings and childminders must ensure they are implementing the changes that have been introduced. Should you require further information on the changes please contact your Early Years Advisor.

Alternatively visit www.towerhamlets.gov.uk/earlyyears and go to useful practitioners' resources.

The Early Years Foundation Stage Profile (EYFSP)

The Early Years Foundation Stage Profile is statutory. The Integrated Early Years Service (IEYS) offers schools a three point moderation programme. 25% of schools in Tower Hamlets are notified and moderated annually. The data return based on the early learning goals (ELGs) is statutory for every setting which takes eligible (5 year old) children; for schools this will be the end of the Reception Year. The statutory return is completed every academic year during the summer term. Ofsted uses the 'Early Years Outcomes' to measure progress and attainment in early years and therefore all IEYS moderation events and assessment advice to schools are based on this document and Standards and Testing Agency requirements.

There will be a number of events to support practitioners with the EYFSP. All of the events are open to schools and settings that may have children for whom they will be completing a profile. To download a copy of the 2019 Early Years Foundation Stage Profile Handbook visit www.towerhamlets.gov.uk/earlyyears and go to useful practitioners resources.

You can also find the most recent [Tower Hamlets Moderation Plan](#) there.

Full team training has been shown to strengthen the positive impact on children's outcomes; therefore we have developed several training courses which you can request to be delivered in your setting. See below for an outline of the courses. These are focused on narrowing the gap between the most disadvantaged children and their peers. The content can be discussed in more detail with the trainer and can be adapted to meet the needs of the learners.

Every Tower Hamlets Child a Talker

- This training focusses on the importance of learning language and its fundamental relationship to learning. It identifies approaches and practical strategies for maximising children's opportunities to learn language.

Sustained Shared Thinking (SST) and Emotional Well-being

- This training focusses on the vital role adults play in helping children to be emotionally and intellectually ready to think and learn. It identifies the skills and approaches that settings can focus on to develop in their practice.

Inclusion and Special Educational Needs

- Specialist training in this area continues to be provided by Phoenix and Stephen Hawking schools – contact these schools directly if you wish to access their support. The six maintained nursery schools also have a wealth of experience in this area and are willing to share with Primary colleagues. Please contact the Workforce Development Team for further information.

Supporting Young Children's Mathematical Development

- This training focuses on an area of the curriculum that supports narrowing the gap. We have developed a modular package of training which aims to increase children's understanding and attainment in mathematics; develop practitioner understanding of children's mathematical development; increase practitioner confidence to support parents and families; develop a toolkit of SST strategies that support open-ended mathematical investigation and to support practitioners to use the rich environment around them and enhance it with mathematical development in mind.

Packages

Each training package consists of a total of 5 hours training. **Please call us to discuss your needs further.**

The costs will vary according to delivery requirements and whether a venue will need to be booked (if you are not using your own setting). Costs will be in the region of £550 for schools and £275 - £300 for MPVI settings.

Settings or schools may wish to work in partnership with each other to share the cost. The total number of participants in a group **should not exceed 15**. Larger groups will necessitate an additional trainer, and will be charged accordingly.

Please note it is the settings' responsibility to ensure that our tutors have adequate IT equipment available if the training is to be held at your designated venue. This includes the following:

- interactive whiteboard that will enable trainers to use Microsoft PowerPoint programme to present slideshows.
- access to the internet and access to a TV/DVD player
- the venue should be large enough to accommodate the number of participants

Please contact the Workforce Development Team if you would like to discuss dates and packages

Our information sessions aim to help you establish if childminding is a career option for you. There will be many opportunities at the session to ask questions.

The group information sessions are delivered over a two-hour period.

Crèche facilities are not available at the sessions, therefore if needed you are advised to arrange childcare prior to the day.

Early Years Foundation Stage Profile (EYFSP) Moderation

Introduction

The Early Years Foundation Stage Profile is statutory. Schools must continue to complete the EYFSP for their reception-year pupils in the summer term by 27 June 2019, and report the results to local authorities. The baseline introduced two years ago will not be used by the Department for Education (DfE) or Ofsted. The early learning goals (ELGs) remain statutory at the end of reception. Ofsted advises that they will therefore continue to use the 'Early Years Outcomes' to measure progress and attainment in early years.

There are a number of different events during the autumn term to support practitioners with the EYFSP. Events are open to schools and settings that may have children for whom they will be completing a profile. Please refer to page 5 for more information. To download a copy of the 2019 Early Years Foundation Stage Profile Handbook visit www.towerhamlets.gov.uk/earlyyears and go to useful practitioners resources.

Schools are reminded that they must attend two events during the year, including one moderation agreement trialling event. Drop-ins can only count for one of these events. This is a statutory requirement. Attending LA events is an important way to build shared understanding of the ELGs and the national exemplification of standards. Further events will be announced for the spring and summer terms.

- We will have the following twilight drop-in sessions (4:00pm-5:30pm). These will provide opportunities for practitioners to consider how rich environments can support children’s learning and their progress towards the Early Learning Goals, and to discuss further questions about the EYFSP.
- Three moderation agreement trialling events to be held in April 2019 on the following dates; please book online: <http://tiny.cc/eybooking> or email eytraining@towerhamlets.gov.uk

Date	Times		Venue
03/04/19	1600 – 1800	Moderation Agreement Trialling for Schools PM	PDC
25/04/19	1330 – 1530	Moderation Agreement Trialling	Lansbury Lawrence School
29/04/19	1600 – 1800	Moderation Agreement Trialling for Schools PM	PDC

It is a statutory requirement that an EYFSP is completed on children who were born between September 1, 2013 and August 31, 2014.

Session Outcomes

By the end of these sessions:

- Participants will be clearer and more confident in making judgements for the EYFSP.

- Participants will be clear about the process for making judgements and submission to the Local Authority

- Participants will build a shared understanding of the exemplification materials, the importance of the CoEL, and a deeper capacity to reflect on what exceeding looks like.

What happens if I'm turned away from a course for arriving late?

Anyone arriving to a session more than 15 minutes after the start time may not be allowed to attend the training and this is at the discretion of the facilitator. Late arrivals cause great disruption to other course participants and the planned schedule. In such cases, the employer will still be expected to pay the attendance fee for the course booked. With regards to 'free to attend' sessions the employer will be charged a non-attendance fee.

What happens if I turn up to a session without booking?

It is your responsibility to ensure that you have a place before you arrive at one of our training venues. Our training rooms hold a specific number of people and if they are overfilled we are in breach of Health and Safety Regulations. Therefore, people turning up on the day without prior booking will be turned away.

Can I book more than two staff from my setting to attend training?

In order to cater for all our childcare settings, each course is normally limited to two early years' practitioners per setting/per venue however, additional practitioners can attend if places are available. Courses are booked on a first come first served basis, therefore book early to avoid disappointment.
