About the Programmes

The programmes are free to attend and some courses are aimed at dealing with specific age groups, ranging from babies to teenagers.

To attend a parenting programme or discuss which course would best meet the needs of you and your family, please contact:

The Parent and Family Support Service
020 7364 6398
parenting@towerhamlets.gov.uk

It is not usually possible to join a course which has already started, but it may be possible to be added to a waiting list for the next course.

Professionals are also welcome to refer parents or carers to parenting programmes. A referral form is included at the end of this booklet.

Courses are open to any caregiver responsible for the care, protection and upbringing of a child, including foster parents or connected persons, grandparents, siblings or other family members.
Strengthening Families, Strengthening Communities (SFSC)

Length of sessions: 3 hours

This 13 week programme is suitable for parents of children between the ages of birth -18. It is designed to promote effective behaviour management with children, as well as encouraging community involvement with parents. The programme supports parents to:

- Learn new skills for communicating effectively with their children
- Discuss and practice positive discipline and setting boundaries
- Explore ways to reduce conflict and challenge unacceptable behaviour
- Learn about child development to support understanding of children’s behaviour at different stages
- Establish networks of support and build links within their community

SFSC is also delivered with a specialist focus e.g. supporting parents of a child with special educational needs or a disability, and parents of children who are at risk of extremist activities.

“Thank you for giving me my confidence back. I now feel equipped to deal with any problems that may arise in the future.”

“Thank you for giving me my confidence back. I now feel equipped to deal with any problems that may arise in the future.”

Triple P Programme

Length of sessions: 2.5 hours

This 8 week programme is for parents of children between the ages of 1-12 years.

Classes are delivered in small groups and enable parents to share common concerns about parenting and dealing with their children’s behaviour.

During the course parents will:

- Learn effective positive parenting strategies
- Gain skills to manage common child behaviour problems
- Learn how to understand and promote their child’s development
- Gain support from other parents

The group sessions are followed up by three 15-30 minute telephone calls (once per week), addressing parents’ individual progress and any concerns that they may have.

“I have improved my relationship with my children – I would recommend this class for every parent.”

“I have improved my relationship with my children – I would recommend this class for every parent.”

Managing Children’s Behaviour: A positive approach

Length of sessions: 2 hours

This 8 week programme is suitable for parents of children aged 18 months to five years.

The sessions include:
- Building a relationship and developing self esteem, through play and the use of praise
- ABC of behaviour (looking at antecedents, behaviour and consequences)
- The ‘attention rule’ and use of ignoring
- Giving instructions and setting rules and limits

The course includes direct teaching, discussion, watching video clips and role play.

“"The course has been incredibly helpful. I can now express myself to my children without raising my voice. Our relationship has really improved.”

Mellow Parenting

Length of sessions: 1 day per week

This 14 week programme is suitable for parents and carers with a child under the age of 5.

It is designed to support parents to establish relationships with their child.

The programme will help parents to:
- Build strong attachments with their child
- Practice positive behaviour techniques
- Introduce new ways of interacting with their child
- Develop positive ways to support their child’s learning
- Widen their support network

The course includes group activities, hands on sessions, ‘have a go’ homework and video sessions.

“"The group gave me confidence on how to be better with my children. I can say that now I have the experience to deal with different things.”

The Incredible Years: Improving Access to Psychological Therapies (IAPT)

Length of sessions: 2 hours
This 14 week parenting programme is for parents of children with behavioural and conduct difficulties between the ages of 3-10.

The Incredible Years programme promotes and supports responsive and sensitive parenting and assists parents to directly reduce their children’s behavioural problems before they get out of control. During the course parents will learn ways to:
- Develop an understanding of their child’s temperament
- Learn effective parenting approaches to prevent behavioural difficulties becoming ‘stuck’
- Strengthen their child’s social and emotional life
- Respond to the needs of their child to increase wellbeing within the family
- Review which strategies are most likely to be effective in producing long term changes in their child’s behaviour

“The course has helped me to be more consistent. It has made such a difference to my family.”

Family Nurse Partnership

Length of sessions: varies
This programme is suitable for expectant first time mums under the age of 20.

Women can be referred up to the 28th week of their pregnancy.

Mothers enrol in the programme during their pregnancy and receive weekly or fortnightly visits from a Family Nurse until their child’s second birthday. During these visits mothers learn about their child’s health and development and receive support for their own well-being.

“The quality of life with my children and my family has improved”

8 THE PARENT AND FAMILY SUPPORT SERVICE TEL: 020 7364 6398 EMAIL: parenting@towerhamlets.gov.uk 9
Emotional First Aid

Length of sessions: 2.5 hours
This 6 week programme is suitable for parents of children from birth-18 years.

It helps parents to recognise and understand signs of emotional distress within themselves, explore parents’ experiences and identify solutions for emotional well-being.

The programme will help parents to:
- Recognise and understand the impact of emotional health on family well-being
- Reflect on personal experience and identify signs of anxiety
- Develop strategies towards taking responsibility and managing their own emotional well-being
- Recognise signs of common forms of emotional distress and related behaviours presented by their children

Speakeasy

Length of sessions: 2 hours
This programme is suitable for parents of children of all ages.

This 4 week course provides an opportunity for parents to gain the confidence and skills needed to talk to their children in an age appropriate way about growing up. The sessions are informal and are based on discussion and practical tasks which cover the following:
- The physical and emotional changes taking place at puberty
- The influence on children from TV, media and peers
- Knowledge of how Sex and Relationship Education (SRE) is taught in schools
- Information and knowledge about how to access local support services for families

Speakeasy is also delivered with a specialist focus eg supporting parents of a child with special educational needs or a disability (SEND).

“The Speakeasy course taught me a lot, I feel more able to talk to my daughter and son about growing up.”

“... the programme taught me that communication is vital at all ages.”

Speakeasy is also delivered with a specialist focus eg supporting parents of a child with special educational needs or a disability (SEND).

“The Speakeasy course taught me a lot, I feel more able to talk to my daughter and son about growing up.”

“... the programme taught me that communication is vital at all ages.”

**Triple P Teen**

Length of sessions: 2.5 hours

This 8 week programme is suitable for parents of young people aged 11-18.

It aims to help parents cope with the ups and downs of parenting a teenager.

During the course parents will:
- Meet other parents and share experiences of bringing up teenagers
- Learn new skills for communicating effectively with their teenager
- Discuss and practice positive discipline and setting boundaries
- Discuss positive ways to reduce conflict and challenge unacceptable behaviour
- Explore local services that can support teenagers and their families

The group sessions are followed up by three 15-30 minute telephone calls (once per week), addressing parents’ individual progress and any concerns they may have.

"The course has helped me to be more consistent. It has made such a difference to my family"

---

**Caring Dads**

Length of sessions: 2 hours

This 17 week programme is for fathers who have physically abused, emotionally abused or neglected their children, or exposed their children to domestic violence.

The programme promotes child-centred fathering and works with fathers to help them recognise and understand the impact of their abuse on their children.

The course supports fathers to:
- Improve their relationship with their children
- Co-parent with children’s mothers in a respectful and non-abusive way
- Increase their ability to prioritise their children’s needs
- Reduce fathers’ over-reactivity to children’s misbehaviour

Attendance on this course is subject to specialist referral.

Please enquire for further details.

"I have gained a wealth of knowledge, skills and ways to deal with challenging situations and behaviours"
The Parent Factor
ADHD

Length of sessions: 2.5 hours

This 6 week programme is suitable for parents of children with a diagnosis of Attention Deficit Hyperactivity Disorder (ADHD) aged 5-16.

It aims to support parents and other significant adults in a child’s life to build relationships with their child and understand the diagnosis and treatment of ADHD.

This programme will:
- Increase parents’ knowledge of ADHD and its treatment
- Give parents an insight into how it feels to be a child with ADHD
- Offer advice on how to promote a more positive relationship with their child
- Explore strategies for effective behaviour management

“..."The programme really helped me to understand my child’s behaviour and establish a routine."

Moving Parents and Children Together (MPACT)

Length of sessions: 2.5 hours

This 8 week programme provides a safe, non-judgemental environment which supports families to explore issues related to “hidden harm”.

Parents and children/young people aged 10-17 must attend together.

This programme is suitable for families where one or both parents are or have been misusing drugs and/or alcohol.

During the course families will:
- Develop a greater understanding of substance misuse
- Explore strategies for breaking negative patterns of behaviour
- Enjoy quality time as a family
- Participate in activities which build resilience and support strategies for coping
- Practice positive and open communication

Anyone attending the programme must be free from mood altering substances (except prescribed medication).

“The course has made it easier to talk about things, this is a new beginning for our family.”

“..."The programme really helped me to understand my child’s behaviour and establish a routine."

“The programme has made it easier to talk about things, this is a new beginning for our family.”

THE PARENT AND FAMILY SUPPORT SERVICE
TEL: 020 7364 6398 EMAIL: parenting@towerhamlets.gov.uk
Length of sessions: 1.5 hours

This 6-week programme is for first-time parents with a baby under 6 months.

The sessions include discussion-based activities and support parents to:

- Learn how babies communicate from birth
- Strengthen the bond with their baby
- Take care of themselves whilst managing multiple demands
- Look after their relationships with partners, family, and friends
Parenting Programmes
Referral Form

Parenting Programmes in Tower Hamlets are delivered in partnership. Staff from the local authority, health and voluntary sector organisations work together to ensure parents and carers receive the support and information they need.
