	<p><i>2005 (the 2005 Act).</i></p> <p>1.2 <i>The term ‘Licensing Authority’ will be used in all future references to ‘the London Borough of Tower Hamlets’ in this Policy.</i></p> <p>1.1 <i>This Policy replaces the previous one published on 5th December 2016 and covers the period from 5th December 2019 to 4th December 2022.</i></p> <p>1.2 <i>The Licensing Authority will formally review this Policy every three years, as required by the 2005 Act. However during this period we will keep it under review which will allow us to make any revisions we consider appropriate.</i></p> <p>1.3 <i>This Policy is written with the view to promoting the three licensing objectives of the 2005 Act:</i></p> <ul style="list-style-type: none"> <i>i. Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;</i> <i>ii. Ensuring that gambling is conducted in a fair and open way; and</i> <i>iii. Protecting children and other vulnerable persons from being harmed or exploited by gambling.</i> <p>1.4 <i>As part of this licensing authority’s approach to reduce gambling-related harm we support the Government proposals to reduce the maximum stakes for Fixed Odds Betting Terminals (FOBTs) to £2 and other measures regarding allocations of gaming machines and social responsibility measures to minimise the risk of gambling-related harm.</i></p> <p>Tower Hamlets Geographical Area</p>

	<p>1.5 <i>This Policy applies to the whole of the London Borough of Tower Hamlets. The borough is a single tier authority on the East side of inner London covering an area of approximately 19 kilometers squared. It extends from Victoria park in the north down to the Isle of Dogs in the South, and extends from the A12 in the east to Brick Lane and the Tower of London in the west. A map of the geographical area of the borough can be found in Annex 1 and this shows where Gambling premises licences have been issued within the borough.</i></p> <p>1.6 <i>The Licensing Authority has consulted widely upon its policy statement before finalising and publishing it. A list of the persons and organisations consulted is provided in Annex 2 of the Policy adopted by the Licensing Authority. We have consulted businesses, elected representatives, community and third sector organisations and responsible authorities.</i></p> <p>1.7 <i>The 2005 Act requires that the following parties are consulted by Licensing Authorities:</i></p> <ul style="list-style-type: none"> • <i>The Chief Officer of Police</i> • <i>One or more persons who appear to the authority represent the interests of persons carrying on gambling businesses in the authority's area</i> • <i>One or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005.</i> <p>1.8 <i>The consultation took place between 19th October 2015 and 17th January 2016. The results of the consultation are summarised in Annex 3</i></p> <p>1.9 <i>The policy has to be approved at a meeting of the Full Council published via our website as well as being available in the Town Hall and Idea Stores.</i></p>

	<p>1.10 <i>It should be noted that this policy statement will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence. Each will be considered on its own merits and according to the statutory requirements of the 2005 Act.</i></p> <p>1.11 <i>We would like to encourage the highest standards within premises that hold a licence under the 2005 Act. To assist with this we have produced a 'Gambling Best Practice Guide' to assist both new applicants and existing operators.</i></p> <p>1.12 <i>The list of recommended measures listed in Annex 4 is not exhaustive but gives an indication of some of the suitable measures and procedures that are expected in well managed premises.</i></p> <p>2 <i>Policy Statement</i></p> <p>2.1 <i>In producing this licensing policy the Licensing Authority has had regard to the 2005 Act and the guidance and codes of practice issued by the Gambling Commission and responses to the consultation on this policy.</i></p> <p>2.2 <i>In accordance with our legal duty under the 2005 Act when exercising our licensing functions we shall aim to permit the use of premises for gambling in so far as we consider it to be:</i></p> <ul style="list-style-type: none"> <i>a) in accordance with any relevant code of practice issued by the Gambling Commission,</i> <i>b) in accordance with any relevant guidance issued by the Gambling Commission,</i> <i>c) reasonably consistent with the licensing objectives</i> <i>d) in accordance with this Policy and with reference to our Local Area Profile.</i>

	<p>2.3 <i>This means that where possible we will aim to moderate the impact of gambling on the Borough for example by attaching conditions to licences, rather than aiming to prevent it all together. Nonetheless, we retain the discretion not to grant a premises licence where we consider that the application does is not in keeping with the matters listed in paragraph 2.2 above.</i></p> <p>3 <i>Licensing Authority Functions</i></p> <p>3.1 <i>This Licensing Authority functions under the 2005 Act is limited to the following:</i></p> <ul style="list-style-type: none"> a) <i>Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises Licences;</i> b) <i>Issue Provisional Statements ("in principle" licences where premises are not yet developed);</i> c) <i>Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits;</i> d) <i>Issue Club Machine Permits to Commercial Clubs (Commercial Clubs are member clubs that operate on a "for profit" basis);</i> e) <i>Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres (Premises where low level gambling is permitted for children);</i> f) <i>Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines;</i> g) <i>Grant Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where more than two machines are required;</i> h) <i>Register small society lotteries below prescribed thresholds;</i>

It informs all other strategies and delivery plans of the partnership, including the council’s Strategic Plan.</i></p> <p>3.4 <i>The key objective for Tower Hamlets Plan are:</i></p> <ul style="list-style-type: none"> • <i>tackling inequality by building a strong,</i> • <i>inclusive and fair borough.</i> <p>3.5 <i>From this it has created four themes that it will focus on:</i></p> <ul style="list-style-type: none"> • <i>a better deal for children and young people: aspiration, education and skills</i> • <i>good jobs and employment</i> • <i>strong, resilient and safe communities</i> • <i>better health and wellbeing.</i> <p style="text-align: center;"><i>To view the Tower Hamlets Plan please see the link below:</i> https://www.towerhamlets.gov.uk/lqnl/community_and_living/community_plan/tower_hamlets_plan.aspx</p> <p>4 Competent body for the protection of children from harm</p> <p>4.1 <i>The Licensing Authority is required to designate, in writing, a body which is competent to advise the Licensing Authority about the protection of children from harm. 	<p>a) <i>responsible for child protection matters for an area covering the whole of the licensing authority's area (the whole of the Tower Hamlets);</i></p> <p>b) <i>the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.</i></p> <p>4.3 <i>The Licensing Authority is satisfied that the Local Safeguarding Children Board fulfils these requirements and have therefore designated Board as the competent body to advise on matters concerning the protection of children from harm or exploitation.</i></p> <p>4.4 <i>The contact details of all the responsible authorities are found on the Council's website at www.towerhamlets.gov.uk</i></p> <p>5 <i>Interested parties</i></p> <p>5.1 <i>This essential means those parties who can make representations in about licence applications, or apply for a review of an existing licence.</i></p> <p>5.2 <i>The 2005 Act defines Interested Parties as persons who, in the opinion of the licensing authority:</i></p> <p>a) <i>lives sufficiently close to the premises to be likely to be affected by the authorised activities,</i></p> <p>b) <i>has business interests that might be affected by the authorised activities,</i></p> <p>c) <i>represents persons who satisfy paragraph (a) or (b)</i></p> <p>5.3 <i>Licensing authorities are required to state in their policies the principles to be</i></p>

applied to determine whether a person is an interested party in relation to 4.1 above.

5.4 *This Licensing Authority when determining whether a person is an interested party will consider each case upon its merits. In doing so we may consider relevant factors into account such as:*

- a) the size of the premises, and nature of the activities taking place (as a larger premises may be considered to affect people over a broader geographical area compared with smaller premises offering similar facilities).*
- b) the distance of the premises from the usual residence or workplace of the person making the representation.*
- c) the potential impact of the premises (numbers of customers, routes likely to taken by those visiting the premises).*
- d) the circumstances of the person and nature of their interests, which may be relevant to the distance from the premises.*

5.5 *The Licensing Authority will not apply a rigid rule to its decision making in regards to determining what constitutes an interested party, and will consider the examples of considerations provided in the Gambling Commission's Guidance to local authorities. For instance when deciding whether a person or organisation "has business interests" we will adopt a broad interpretation to include for example partnerships, charities, faith groups, and medical practices.*

5.6 *We will follow the Gambling Commission's Guidance and regard such bodies as trade associations and trade unions, and residents' and tenants' associations as interested parties. However these bodies must be able demonstrate that they have a member who can be classed as an interested party under the 2005 Act*

i.e. paragraph 4.2 (a) above.

5.7 We will consider democratically elected persons such as Councillors and MP's as Interested parties on the condition that they provide written evidence that such elected persons 'represents' someone falls under the description in paragraph 4.2 above. A letter from one of these persons, requesting the representation will be sufficient.

5.8 Individuals may wish to approach Councillors to ask them to represent their views. If Councillors take on a representative role they will not be able to be part of the decision making process. If they are a member of the Committee they must withdraw for any hearing relating to the application.

6 Exchange of Information

6.1 Licensing Authorities are required to set out their approach to the exchange of information with the Gambling Commission and other persons. As such this section details how this Licensing Authority's policy with the control and exchange of information that has been gained in carrying out its duties and responsibilities under the 2005 Act.

6.2 The Gambling Commission can require licensing authorities to provide specific information where it forms part of a register maintained under the 2005 Act, or is in the possession of the Licensing Authority in connection with the provision of the 2005 Act. As part of this exchange of information this licensing authority like all others are required to submit a return to the Gambling Commission at the end of each financial year. The information we submit as part of this return is as follows:

	<ul style="list-style-type: none">• <i>permits issued,</i>• <i>temporary use notices issued,</i>• <i>occasional use notices issued,</i>• <i>premises inspections conducted,</i>• <i>reasons for and outcomes of reviews.</i> <p><i>This data is is subsequently included in the Department for Communities and Local Government Single Data List.</i></p> <p>6.3 <i>This policy covers the years 2018 to 2022, and we appreciate that the Gambling Commission within this period could change its requirements. Therefore this licensing authority will provide any other information requested to the Gambling Commission, provided it falls within the parameters detailed in paragraph 6.1 above.</i></p> <p>6.4 <i>The principle that this licensing authority applies when exchanging information with the Gambling Commission or other persons in respect of our functions under the 2005 Act is that we will act in accordance with the provisions under this legislation and the provisions of the Data Protection Act1998 and any other associated legislation.</i></p> <p>6.5 <i>The licensing authority will have regard to any guidance issued by the Gambling Commission and the Information Commissioner to Local Authorities on this matter, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.</i></p> <p>6.6 <i>The Licensing Authority may exchange information with other persons listed below for the use of exercising our functions under the 2005 Act:</i></p>

- a) *constable or police force*
- b) *an enforcement officer*
- c) *a licensing authority*
- d) *HMRC*
- e) *the First Tier Tribunal*
- f) *the Secretary of State*

We do not currently have any protocols with these persons however if we do adopted an information exchange protocol with any persons it will be made available if requested.

7 *Inspection, compliance and enforcement*

7.1 *The main enforcement and compliance role for this licensing authority will be to ensure compliance with the Premises Licences and other permissions which we authorise, e.g. Granting Gaming Machine Permits in alcohol Licensed Premises. The Gambling Commission will be the enforcement body for the Operator and Personal Licences. Concerns about manufacture, supply or repair of gaming machines will not be dealt with by this licensing authority but will be notified to the Gambling Commission.*

7.2 *As per the 2005 Act and Gambling Commission Guidance this section details this licensing authority's principles that will apply in exercising our functions concerning inspection, compliance and enforcement functions, and instigating criminal proceedings.*

7.3 *This Licensing Authority's general principles of enforcement are set out in our Enforcement Policy, which follows the principals of the Enforcement Concordat. In addition we will be guided by the Gambling Commission's Guidance for local*

	<p>authorities and will have regard for the Regulators Code. Therefore we will endeavour to be:</p> <ul style="list-style-type: none">a) Proportionate: regulators should only intervene when necessary: Remedies should be appropriate to the risk posed, and costs identified and minimised;b) Accountable: regulators must be able to justify decisions, and be subject to public scrutiny;c) Consistent: rules and standards must be joined up and implemented fairly;d) Transparent: regulators should be open, and keep regulations simple and user friendly; ande) Targeted: regulation should be focused on the problem, and minimise side effectsf) Avoid duplication with other regulatory regimes so far as possible. <p>7.4 The licensing authority expects premises licence holders to be fully aware of, and keep to, the terms of their licence. Where Licence holders fail to adhere to the terms of their licence we will take appropriate enforcement action to ensure compliance. We will pay particular attention in this respect where there are concerns that the licensing objective relating to children is not being met in full.</p> <p>7.5 This licensing authority also intends to monitor non-licensed gambling, and is especially concerned to stop non-destination gambling by children and young adults. Non destination gambling is where the destination is not primarily a gambling premises and is mainly visited for a different purpose. This typically (but not exclusively) involves gaming machines in premises open to the public such as public houses</p> <p>7.6 This Licensing Authority will continue to keep informed of developments with the</p>

	<p><i>work from Central Government and sister organisations on the principles of Better Regulation Executive in its consideration of the regulatory functions. Bearing in mind the principle of transparency, this licensing authority's enforcement/compliance protocols/written agreements will be available upon request to the licensing service and on the Council's web site. Our risk methodology will also be available upon request. (A charge may be made for hard copies).</i></p> <p><i>7.7 We recognise that bookmakers and other operators may have a number of premises within Tower Hamlets. In order to ensure that compliance issues are recognised and dealt with at the earliest possible stage, operators are requested to give This licensing authority a single named contact., who should be a senior individual, and whom we will contact first should any compliance queries or issues arise. We will however, reserves the right to institute proceedings, or take other action as necessary and consistent with our general policies.</i></p> <p><i>7.8 We will base our inspections and enforcement activity on the principles of risk assessment, a graduated response and the targeting of problem premises. We will not routinely carry out full premises inspections and the frequency of inspections will be determined on risk-based criteria with high- risk operations receiving more attention than premises deemed to be of low risks.</i></p> <p><i>7.9 We use the templates inspection forms produced by the Leicester, Rutland and Leicestershire Licensing Forum and Leicestershire Local Economic Partnership.</i></p> <p><i>7.10 To assist the targeting of the Council's enforcement activity the Council will request that operators / premises share:-</i></p> <ul style="list-style-type: none"> <i>• test purchasing results (subject to the terms of primary authority agreements)</i> <i>;</i>

	<ul style="list-style-type: none"> • <i>incidents in premises, which managers are likely to be required to report to head office;</i> • <i>information about numbers of self-excluded gamblers to help it develop its understanding about the risk of problem gambling in its area.</i> <p><i>This information will help the Council to get a clearer picture of which premises may be experiencing issues, meaning that the inspection and enforcement activity is appropriately structured, and targeted.</i></p> <p>7.11 <i>As per Gambling Commission Guidance and Codes of Practice, Operators are required to share their risk assessments with licensing authority when they are applying for a new premises licence or applying to vary an existing premises licence, and at the request of this licensing authority, such as when we are inspecting a premises.</i></p> <p>7.12 <i>Additionally, responsible authorities and interested parties under the 2005 Act may seek a review of a premises licence if they feel the premises are not properly upholding the licensing objectives.</i></p> <p>8 <i>The Licensing Objectives</i></p> <p>8.1 <i>The 2005 Act sets out three licensing objectives, and in exercising its functions under the 2005 Act this licensing authority must have regard to these licensing objectives, which are:</i></p> <ol style="list-style-type: none"> 1) <i>Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;</i> 2) <i>Ensuring that gambling is conducted in a fair and open way;</i> 3) <i>Protecting children and other vulnerable people from being harmed or</i>

	<p><i>exploited by gambling.</i></p> <p>8.2 <i>This licensing authority expects operators to implement measures to mitigate risks to the licensing objectives and to consider and address measures contained in this section when preparing their risk assessments. Operators should also have regard to our local area profile, which will identify possible existing or emerging risks within Tower Hamlets.</i></p> <p>8.3 <i>The Gambling Commission’s guidance emphasises that moral objections to gambling, or a view that it is generally undesirable are not licensing objectives and cannot inform any decisions by the licensing authority. Moreover neither public safety nor public nuisance are licensing objectives and so cannot be considered when determining applications. These issues will largely be dealt with by the Council’s Environmental Health Service via other primary legislation.</i></p> <p>8.4 <i>This licensing authority recognises that in making decisions about premises licences and temporary use notices it should aim to permit the use of premises for gambling in so far as it thinks it is:-</i></p> <ul style="list-style-type: none"> <i>• in accordance with any relevant code of practice issued by the Gambling Commission,</i> <i>• in accordance with any relevant guidance issued by the Gambling Commission,</i> <i>• reasonably consistent with the licensing objectives in accordance with the authorities statement of licensing policy.</i> <p>8.5 <i>We will not consider whether the applicant is suitable to apply for a premises licence because the Gambling Commission would have already addressed this issue when granting the operator’s licence. However, if any issues arise during</i></p>	
--	--	--

the application process or after we have granted a licence that causes us to question the suitability of the applicant or licence holder, we will bring this to the attention of the Commission.

8.6 *The Gambling Commission's Licence Conditions and Code of Practice (LCCP) (Social Responsibility Code) require gambling premises to undertake a local risk assessment taking into consideration their local information. Specific information about localities is provided in this policy at Annex 6.*

8.7 *The risk assessment is required to be shared with the Council where there is a new application and or a variation to an existing premises licence.*

Objective 1: Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime

8.8 *When considering applications we will always take the location of the premises into account with regard to the crime and disorder objective. We will have particular regard to premises situated in areas of Tower Hamlets that represent a higher risk of potential vulnerability to gambling-related harm as where indicated in our local area profile.*

8.9 *When preparing their risk assessments we expect applicants to consider the following measures:*

- a) measures or actions to address crime and disorder issues around the design, layout or the look and feel of the premises. This may include steps to 'design out crime' such as changing layout, positioning of registers, CCTV, lighting and so on,*
- b) measures to address the reoccurrence of any historical crime and disorder*

issues,

- c) *changes to opening hours, where it is felt that amending them would address or reduce the specific concern around crime and disorder,*
- d) *whether the licensee should participate in any relevant council strategy that relates (or have aspects relating) to crime and disorder,*
- e) *whether training should be given to staff around crime prevention measures appropriate to the premises,*
- f) *where premises are subject to age restrictions, whether additional procedures or measures could be put in place to conduct age verification checks, better supervision of entrances/age restricted machines, or to ensure there is better segregation between age restricted areas of the premises,*
- g) *whether the premises has door supervisors or security,*
- h) *if the licence or variation is granted, the likelihood that the grant will result in violence, public disorder or problems in respect of policing.*

This list is not exhaustive and simply indicates the types of measures that operators should consider in relation to crime and disorder.

Objective 2: Ensuring that gambling is conducted in a fair and open way

8.10 *This licensing authority has noted that ensuring that gambling is conducted in a fair and open way is a matter for the Gambling Commission, as the way gambling products are provided are subject to the conditions of the operator licence or personal licences. This will not be the case if the licensing authority becomes involved in licensing betting track operators, or if we suspect that gambling is not being conducted in a fair and open way. In both cases we will bring this to the attention of the Gambling Commission.*

Objective 3: Protecting children and other vulnerable persons from being harmed or

	<p style="text-align: center;"><i>exploited by gambling</i></p> <p>8.11 <i>This Licensing Authority is will always take the location of the premises into account with regard to the children and vulnerable persons licensing objective when considering applications. We will have particular regard to premises situated in areas of Tower Hamlets that represent a higher risk of potential vulnerability to gambling-related harm where this is indicated in our local area profile.</i></p> <p><i>In order to explain this licensing objective clearly, we have separated it into Children and vulnerable people.</i></p> <p><u>Children</u></p> <p>8.12 <i>Protecting children from being harmed or exploited by gambling means:</i></p> <ul style="list-style-type: none"> <i>a) preventing children from taking part in gambling and,</i> <i>b) restricting activities such as advertising, so that gambling products are not aimed at or appear attractive to children.</i> <p>8.13 <i>To ensure the above we will pay particular attention to licence applications for premises situated near schools or areas where there may be a high concentration of children or families.</i></p> <p>8.14 <i>When considering the operators risk assessment, we will assess the measures the operator has in place to mitigate the risks to this licensing objective. Following which we will decide whether further specific measures are required at particular premises such as</i></p> <ul style="list-style-type: none"> <i>a) supervision of entrances to the premises</i> <i>b) supervision of gaming machines and</i> 	
--	--	--

c) *the separation of certain areas within the premises*

8.15 *Where category C, B or A machines are on offer in premises to which children are admitted we will ensure:*

- a) *all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective in preventing access other than through a designated entrance,*
- b) *the premises has appropriate signage indicating that access to that area where such machines are located is restricted to persons under the age of 18*
- c) *only adults are admitted to the area where the machines are located*
- d) *access to the area where the machines are located is supervised*
- e) *the area where the machines are located is arranged so that the staff or the licence holder can observe it.*

Separate requirements apply to alcohol-licensed premises that hold a gaming machine permit. These are detailed later on in this Policy.

Vulnerable People

8.16 *This Licensing Authority does not seek to stop particular groups of adults from gambling or gaming in the same way that we seek to stop children. However, we are concerned about the potential for vulnerable people to be harmed or exploited by gambling.*

8.17 *The Gambling Commission Guidance does not seek to define 'vulnerable persons' however, for regulatory purposes, it does assume that vulnerable*

	<p><i>persons includes the following:</i></p> <ul style="list-style-type: none"> <i>a) people who gamble more than they want to,</i> <i>b) people who gamble beyond their means,</i> <i>c) people who may not be able to make informed or balanced decisions about gambling due to, for example, mental health, a learning disability or substance misuse relating to alcohol or drugs.</i> <p>8.18 <i>This Licensing Authority recognises that there are many serious issues that can be a consequence of problem gambling, and therefore presents a greater risk of harm to vulnerable persons. These can include but are not limited to:</i></p> <ul style="list-style-type: none"> <i>a) job loss and absenteeism,</i> <i>b) poor work/study performance,</i> <i>c) stress depression and anxiety,</i> <i>d) suicide,</i> <i>e) poor health,</i> <i>f) financial hardship, debts and bankruptcy,</i> <i>g) resorting to crime/theft and imprisonment,</i> <i>h) neglect of family,</i> <i>i) impacts on others,</i> <i>j) relationship breakdown,</i> <i>k) domestic violence.</i> <p>8.19 <i>Problem gambling, particularly with the young, can sometimes be an indication of other issues, such as anti-social behaviour problems. When we become aware of issues associated with problem gambling and vulnerable people, we will seek to work closely with the gambling premises operator, the Gambling Commission and other relevant services within the Council.</i></p>	
--	---	--

	<p>8.20 This Licensing Authority will have regard to our local area profile and pay particular attention to applications for premises near venues where, for example, Gamblers Anonymous groups (or similar) meet, residential homes and hospitals, when dealing with gambling premises applications. In considering the above, we will base our decision on whether the proximity of the premises to the vulnerable group is likely to present a risk to this licensing objective. Where we have relevant evidence, we may consider the likelihood of vulnerable people using the premises, whether they have other reason to be in the proximity or not. This could be, as an example, through complaints made to us or through representations made about an application.</p> <p>8.21 When determining an application and this issue is raised, we will also take into account the operator’s risk assessment and assess the controls that are in place (or will be in place) to protect vulnerable people and promote the licensing objectives at the premises. Depending on the circumstances, we may have particular regard to:</p> <ul style="list-style-type: none"> <i>a) the size of the premises,</i> <i>b) staffing levels at the premises,</i> <i>c) procedures in place to identify a vulnerable person and to stop a vulnerable person from gambling,</i> <i>d) the location and type of gaming machines on the premises,</i> <i>e) arrangements in place to supervise the gaming machines.</i>

	<p>1.1 <i>This licensing authority will seek to avoid any duplication with other statutory / regulatory systems where possible, including planning. We will not consider whether a licence application is likely to be awarded planning or building consent, in its consideration of it. The 2005 Act makes it clear that a licensing authority must not have regard to whether or not a proposal by the applicant is likely to be permitted in accordance with planning or building law when considering applications. - Physical separation of areas*
- Location of entry*
- Notices / signage*
- Specific opening hours*

5.2 An FEC are allowed any number of Category C or D gaming machines. However where children and young persons are permitted to enter an FEC and may use category D machines. Persons under the age of 18 years are not permitted to use category C machines and it is a requirement that there must be clear segregation between the two types of machine, so that under-18s do not have access to them.

5.3 This licensing authority will, in accordance with the Gambling Commission's guidance, refer to the Commission's website to see any conditions that apply to operator licences covering the way in which the area containing the category C. Category C machines give a higher payout than children are permitted to use should be delineated. This licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.

	<p>6 Casinos</p> <p>6.1 Section 166 of the 2005 Act, allows licensing authorities to resolve not to issue casino premises licences. This licensing authority has consulted with residents and businesses to seek their views before deciding whether to make such a resolution. As a result of the consultation the council has resolved not to issue casino premises licences. This was decided by Full Council on 18th September 2013.</p> <p>7 Bingo premises</p> <p>7.1 Gambling Commission Guidance identifies Bingo as “equal chance gaming”, and has published its view on what Bingo is and how it differs from other forms of gambling. To aid applicants we have attached this advice note to this policy, see Annex 4. However it must be stressed that this advice note from the Gambling Commission does not alter the meaning of Bingo as described in the 2005 Act. It merely seeks to offers the advice to help bingo operators avoid creating and offering products that the Gambling Commission considers to be casino games, lotteries or fixed odds betting.</p> <p>7.2 A bingo premises licence allows the primary activity of bingo and the following allocation of gaming machines</p> <p>If the licence was granted on or after 13 July 2011:</p> <ul style="list-style-type: none"> a) a maximum of 20% of the total number of gaming machines which are available for use on the premises may be category B3 or B4 (but not B3A) machines b) any number of Category C or D machines <p>If the licence was granted before 13 July 2011:</p> <ul style="list-style-type: none"> a) eight category B3 or B4 (but not B3A) machines, or 20% of the total number of gaming machines which are available for use on the premises, whichever is the greater

Moreover where the premises has Category B or C gaming machines available for use these must be separated from where children/young persons are permitted.</i></p> <p>7.4 <i>As per Gambling Permission Guidance this licensing authority will follow the Social Responsibility Code, which states that all licensees must ensure that they their policies and procedures take account of the structure and layout of their premises in order to prevent underage gambling. This may include effective measure to ensure:</i></p> <ul style="list-style-type: none"> • <i>all category B or C gaming machines are located in an area of the premises separate from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;</i> • <i>only adults are admitted to the area where these machines are located;</i> • <i>access to the area where these machines are located are supervised;</i> • <i>the area where these machines are located is arranged so that it can be observed by staff of the operator or the licence holder; and</i> • <i>at the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.";</i> • <i>Effective monitoring procedures to ensure that children do not participate in bingo.</i> <p>7.5 <i>This licensing authority is aware that the Gambling Commission is going to issue further guidance about the particular issues that licensing authorities should take into account in relation to the suitability and layout of bingo premises. This guidance will be considered by this licensing authority once it is made available.</i></p> <p>8 <i>Betting Premises</i></p>	
--	--	--

	<p>8.1 <i>Betting Machines - This licensing authority will have regard to the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 years to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.</i></p> <p>8.2 <i>We expect such premises to have clear policies and procedures in place to ensure that staff have clear line of sight to ensure staff can monitor the use of Betting Machines to ensure that vulnerable such as problem gamblers can be identified and dealt with as per operators Social Responsibilities Policies and Procedures. This will mean that staff within such premises should be appropriately trained to identifies such persons and know their employers policies and procedures to enable them to correctly assist vulnerable persons to reduce the risk of gambling related harm.</i></p> <p>8.3 <i>A betting premises licence allows the primary activity of betting and the following allocation of gaming machines</i> a) <i>Maximum of four gaming machines of categories B2, B3, B4, C or D (excluding category B3A).</i></p> <p>8.4 <i> Holders of a Betting Premises licence are permitted (at our discretion) to have betting machines, known as Self-service Betting Terminals (SSBTs). A SSBTs is different from a gaming machine as it is designed or adapted to allow betting on "real events". For example, some premises may have betting machines that accept bets on live events, such as horse racing as a substitute for placing a bet in person over the counter.</i></p> <p>8.5 <i>Licensing Authorities have powers to restrict the number of SSBTs in certain premises Betting Premises and Casinos). This restriction is done via adding conditions to the premises licence. When considering whether to impose a condition to restrict the</i></p>

number of SSBTs in particular premises, this licensing authority, amongst other things, will take into account the ability of employees to monitor the use of the machines by children and young persons or by vulnerable people. We will also consider the nature of SSBT and the circumstances by which they are made available. This may include:

- a) the size of the premises*
- b) the number of counter positions available for transactions; and/or*
- c) the number of staff to monitor the use of the machines by children and young persons or vulnerable people.*
- d) whether the machines have been, or are likely to be used in breach of the licensing objectives.*

9 Tracks – (This section refers to where racing takes place, such as horse or greyhound racing) and other matters

9.1 This licensing authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. In accordance with the Gambling Commission’s Guidance, this licensing authority will especially consider the impact upon the third licensing objective (i.e. the protection of children and vulnerable persons from being harmed or exploited by gambling) and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

9.2 This licensing authority will therefore expect the premises licence applicant to demonstrate suitable measures to ensure that children do not have access to adult only gaming facilities. It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog racing and/or horse racing takes place, but that they are still prevented from entering areas where gaming machines (other than category D machines) are provided

9.3 This licensing authority will expect applicants to offer their own measures to meet

	<p><i>the licensing objectives however appropriate measures / licence conditions may cover issues such as:</i></p> <ul style="list-style-type: none"> • <i>Proof of age schemes</i> • <i>CCTV</i> • <i>Supervision of entrances / machine areas</i> • <i>Physical separation of areas</i> • <i>Location of entry</i> • <i>Notices / signage</i> • <i>Specific opening hours</i> • <i>Self-baring schemes</i> • <i>Provision of information leaflets / helpline numbers for organisations such as GamCare</i> <p><i>9.4 This list is not mandatory, nor exhaustive, and is merely indicative of example measures.</i></p> <p><i>9.5 Track Premises are permitted to have the following gaming machines in the following circumstances:</i></p> <p><i>a) Where the owners hold both a Track Premises Licence and a Pool Betting Operating Licence (issued by the Gambling Commission) they may site up to four category B2 to D machines on the track;</i></p> <p><i>b) Tracks that that hold an alcohol licence are automatically entitled under s.282 of the 2005 Act to have two gaming machines of category C or D (please note to activate this entitlement the premises must notify the licensing authority, see Part C below for more information);</i></p> <p><i>c) Track premises that fall into both a and b above, i.e. have an alcohol licence and hold both a Track Premises and Pool Betting Operating Licences are may have six</i></p>	
--	---	--

gaming machines (two via the alcohol licence and four via the premises/operating licences).

9.6 Track Premises that hold a Pool Betting Licence will have conditions that the operator must have and put into effect policies and procedures designed to prevent underage gambling, and monitor the effectiveness of these. As a result this licensing authority will take into account the size of the premises and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18s to bet) or by vulnerable people, when considering the number /nature / circumstances of betting machines an operator wants to offer. It will also take note of the Gambling Commission's suggestion that licensing authorities will want to consider restricting the number and location of such machines in respect of applications for track betting premises licences.

9.7 Condition on rules being displayed - The Gambling Commission has advised in its Guidance for local authorities that "licensing authorities should attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race-card or made available in leaflet form from the track office."

9.8 Applications and plans - This licensing authority awaits regulations setting- out any specific requirements for applications for premises licences but is in accordance with the Gambling Commission's suggestion "To ensure that licensing authorities gain a proper understanding of what they are being asked to license they should, in their licensing policies, set out the information that they will require, which should include detailed plans for the racetrack itself and the area that will be used for temporary "on- course" betting facilities (often known as the "betting ring") and in the case of dog tracks and horse racecourses fixed and mobile pool betting facilities operated by the Tote or track operator, as well as any other proposed gambling facilities." And that "Plans should make

clear what is being sought for authorisation under the track betting premises licence and what, if any, other areas are to be subject to a separate application for a different type of premises licence.”

9.9 This licensing authority also notes that in the Gambling Commission’s view that it would be preferable for all self-contained premises operated by off-course betting operators on track to be the subject of separate premises licences, to ensure that there is clarity between the respective responsibilities of the track operator and the off-course betting operator running a self-contained unit on the premises.

10 Travelling Fairs

10.1 It will fall to this licensing authority to decide whether, and where category D machines and / or equal chance prize gaming without a permit is to be made available for use at travelling fairs. This will be decided on the condition that the statutory requirement that the facilities for gambling must be ancillary amusement at the fair and not its main purpose.

10.2 The licensing authority will expect applicants to show how they will meet the licensing objectives, in particular in relation to children and young persons.

10.3 The licensing authority will also consider whether the applicant falls within the statutory definition of a travelling fair in that it must not be on a site that has been used for fairs on more than 27 days per calendar year.

10.4 The 27-day statutory maximum for the land being used as a fair is per calendar year, and that it applies to the piece of land on which the fairs are held. This is regardless of whether it is the same or different travelling fairs occupying the land. This licensing authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

4 Provisional Statements

4.7 *Developers may wish to apply for a provisional statement before entering into a contract to buy or lease property or land. This may allow the developer to judge whether a development is worth taking forward in light of the need to obtain a premises Licence. There is no need for the applicant to hold an operating licence in order to apply for a provisional statement.*

4.8 *A person can make an application for a provisional statement in respect of premises that they:*

- a) *expect to construct,*
- b) *expect to alter or,*
- c) *expect to acquire a right to occupy.*

4.9 *Whilst applicants for premises licences must hold or have applied for an operating licence from the Commission (except in the case of a track), and they must have the right to occupy the premises in respect of which their premises licence application is made, these restrictions do not apply in relation to an application for a provisional statement.*

4.10 *In circumstances where an applicant has also applied to the Gambling Commission for an operating licence, the Gambling Commission has stated that licensing authorities should not speculate on or otherwise take into account the likelihood of an operating licence being granted in its consideration of the application for a provisional statement.*

4.11 *The process for considering an application for a provisional statement is the same as that for a premises licence application and thus must be accompanied by plans and the prescribed fee. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible authorities and interested parties*

	<p><i>may make representations and there are rights of appeal.</i></p> <p><i>4.12 Following the construction, alteration or acquirement of the premises for which the provisional statement relates to, the licence holder may subsequently apply for a premises licence. The Licensing Authority will be constrained in the matters we can consider when determining the premises licence application, and in terms of representations about premises licence applications that follow the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless:</i></p> <ul style="list-style-type: none"> <i>a) they concern matters which could not have been addressed at the provisional statement stage, or</i> <i>b) they reflect a change in the applicant's circumstances.</i> <p><i>4.13 In addition, the Licensing Authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:</i></p> <ul style="list-style-type: none"> <i>a) which could not have been raised by objectors at the provisional statement application stage;</i> <i>b) which in our opinion reflect a change in the operator's circumstances; or where the premises has not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan. We can discuss any concerns we may have with the applicant before making a decision.</i> <p>3 Location and Local Risk Assessments</p> <p><i>3.7 This licensing authority is aware that demand issues (for example whether or not there is sufficient customer demand to make a site commercially viable) cannot be considered with regard to the location of premises but that considerations in</i></p>

	<p><i>terms of the licensing objectives can. In line with the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder.</i></p> <p><i>3.8 It is the licensing authority's view that premises should not normally be licensed which are close to schools, playgrounds, or other educational establishments such as museums. However any such policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how the concerns can be overcome.</i></p> <p><i>3.9 The licensing authority will need to be satisfied that there is sufficient evidence that the particular location of the premises would not be harmful to the licensing objectives.</i></p> <p><i>3.10 From 6 April 2016, the Gambling Commission's Licence Conditions and Codes of Practice (LCCP) made it a requirement under the Social Responsibility (SR) code, for licensees to assess the local risks to the licensing objectives posed by the provision of gambling facilities at their premises and have policies, procedures and control measures to mitigate those risks. In making local risk assessments, licensees must take into account relevant matters identified in this policy and local area profile.</i></p> <p><i>3.11 The LCCP states that licensees must undertake a local risk assessment when applying for a new premises licence and this must be reviewed and updated as necessary:</i></p> <p><i>a) to take account of significant changes in local circumstance, including those identified in this policy;</i></p>	
--	---	--

	<p>b) <i>when there are significant changes at a licensee's premises that may affect their mitigation of local risks;</i></p> <p>c) <i>when applying for a variation of a premises licence; and;</i></p> <p>d) <i>in any case, undertake a local assessment when applying for a new premises licence.</i></p> <p>3.12 <i>Licence holders are also required to provide this licensing authority with a copy of their local risk assessment when applying for a premises licence or applying for a variation to an existing premises licence. We can also request a copy of the local risk assessment at any other time, for example, when we are inspecting premises.</i></p> <p>3.13 <i>Where concerns exist or new risks emerge we may ask a licence holder to provide a copy of their local risk assessment, setting out the measures they have in place to address specific concerns. Licence holders may wish to consider the benefit of making their local risk assessment available to responsible authorities and interested parties.</i></p> <p>3.14 <i>The licensing authority expects the local risk assessment to consider as a minimum issues presented by the local landscape, such as;</i></p> <ul style="list-style-type: none"> • <i>Exposure to vulnerable groups;</i> • <i>Identification of local specific risks;</i> • <i>Type of footfall – children, visitors, families, residents;</i> • <i>Educational facilities;</i> • <i>Community Centers;</i> • <i>Homelessness /rough sleeper hostels, provision of support services.</i> <p>3.15 <i>In any case the local risk assessment should show how vulnerable people,</i></p>

including people with gambling dependencies, are protected.

3.16 Other matters that the assessment may include:

- The training of staff in brief intervention when customers show signs of excessive gambling, the ability of staff to offer brief intervention and how the manning of premises affects this.*
- Details as to the location and coverage of working CCTV cameras, and how the system will be monitored.*
- The layout of the premises so that staff have an unobstructed view of persons using the premises;*
- The number of staff that will be available on the premises at any one time. If at any time that number is one, confirm the supervisory and monitoring arrangements when that person is absent from the licensed area or distracted from supervising the premises and observing those persons using the premises.*
- Arrangements for monitoring and dealing with under age persons and vulnerable persons, which may include dedicated and trained personnel, leaflets, posters, self-exclusion schemes, window displays and advertisements not to entice passers-by etc.*
- The provision of signage and documents relating to games rules, gambling care providers and other relevant information is provided in both English and the other prominent first language for that locality.*
- Where the application is for a betting premises licence, other than in respect of a track, the location and extent of any part of the premises which will be used to provide facilities for gambling in reliance on the licence.*

	<p>3.17 <i>To assist operators, Annex 6 sets out the Council's Gambling Local Area Profiles criteria.</i></p> <p>4 <i>The application and decision making process</i></p> <p>4.7 <i>When this Licensing we receives an application for a premises licence, we must consult interested parties and responsible authorities as set out in Part A above. These interested persons/responsible authorities can make comments about applications for premises licences, which are known formally as 'representations'.</i></p> <p>4.8 <i>Generally, where we receive a valid representation, i.e. it relates to either the licensing objectives, matters in this Policy or the Gambling Commissions Codes or Practice or Guidance, we will normally refer the application to the Licensing Committee or Sub-Committee for determination at a hearing. In determining applications, the Committee shall aim to permit the use of premises for gambling in so far as we consider it to be:</i></p> <p style="padding-left: 40px;"> <i>a) in accordance with any relevant Code of Practice or guidance issued by the Gambling Commission,</i> <i>b) reasonably consistent with the licensing objectives,</i> <i>c) in accordance with this Policy.</i> </p> <p>4.9 <i>The Committee cannot consider any of the following when determining an application:</i></p> <p style="padding-left: 40px;"> <i>a) moral objections (Licensing Authorities cannot base their decision on a dislike of gambling, or a general notion that it is undesirable to allow gambling premises in within their area),</i> <i>b) planning (as detailed earlier in this policy Licensing Authorities cannot have</i> </p>

- regard to planning or building control permissions or any planning restrictions when deterring applications under the 2005 Act),*
- c) demand (Licensing Authorities cannot take into account issues around the demand for gambling premises).*

5 Representations and Hearings

5.7 Where this licensing authority receives a representation from an interested party or responsible authority, we must first confirm that it is a valid representation.

5.8 For a representation to be valid it must be:

- a) Made by an Interested Party or a Responsible Authority,*
- b) Not be considered to be vexatious or frivolous,*
- c) Be relevant to application,*
- d) Detail how the application will negatively affect one or more of the licensing objectives.*

5.9 Where an interested party or responsible authority makes a valid representation as mentioned above section 7 above we will refer the application to the Licensing Committee or Sub-Committee for determination at a hearing. Those who have made a valid representation should attend the hearing as failure to do so could reduce the weight that the Committee places on representation. Where an interested person makes a representation and wishes to be represented by another person or organisation at the hearing they must give this licensing authority a written notice requesting to be represented by that person or organisation.

	<p>5.10 <i>Interested parties and responsible authorities can make representations about licence applications, or apply for a to review an existing licence (see below).</i></p> <p>5.11 <i>As detailed in section 5 of Part A above Trade associations, trade unions and residents and tenants' associations can be interested parties, if they can demonstrate they are representing a member who lives sufficiently close to the premises, or is likely to be affected by the activities being applied for. Similarly Elected Councillors and MPs may also be interested parties provided they are acting on behalf of their constituents see Part A, Section 5 for more information.</i></p> <p>6 Licence fees</p> <p>6.7 <i>This Licensing Authority will calculate and collect fees from gambling operators to meet the costs of carrying out our licensing functions under the 2005 Act. --	---	---------

Once this licensing authority receives a valid application for a review, responsible authorities and interested parties can make representations during a 28-day period. This period begins seven days after we receive the application. We will publish notice of the application within seven days of receipt, in line with the Gambling Act 2005 (Premises Licences)(Review) Regulations 2007. Within this seven day period the applicant must provide a written notice of their application to the licence holder and all responsible authorities. Failure to do this will halt the application process until this notice is received by these parties.

We will carry out the review as soon as possible after the 28-day period for making representations has passed. The review will be to determine whether we should take any action in relation to the licence. If action is justified, the options open to us are:

- a) add, remove or amend a licence condition imposed by us*
- b) exclude a default condition imposed by the Secretary of State or remove or amend such an exclusion*
- c) suspend the premises licence for a period not exceeding three months and*
- d) revoke the premises licence.*

*In determining what action, if any, we should take following a review, we will have regard to any relevant representations and the principles set out in **paragraph 2.2 of the policy statement above.***

This licensing authority may also initiate a review of a premises licence because a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.

	<p>Once we have completed the review will notify the following as soon as possible:</p> <ul style="list-style-type: none"> a) the licence holder, b) the applicant for review (if any), c) the Gambling Commission, d) any person who made representations, e) the chief officer of police, and f) Her Majesty's Commissioners for Revenue and Customs.

We have chosen not included specific details of the stakes and prizes for the various permits and have only provided minimal information regarding the numbers of permitted machines, because the government may change this information during the life of this Policy. We advise readers to refer our website or the Gambling Commission's website for up to date information.

Permits and Notices often related to the Gaming Machines available for use in unlicensed premises under the 2005 act. These Gaming Machines are commonly referred to as 'fruit machines' or 'one arm bandits' and fall into categories depending on the stake required to play them and the value of the maximum prize available. Generally,

- a) Category A machines have no limits on prizes or stakes, but would only be permitted at a regional casino.*
- b) Category B machines can be provided in casinos, betting premises, bingo premises, adult gaming centres and private members clubs. These machines can give a much higher prize and there is a restriction on the number of machines allowed in those premises.*
- c) Category C machines are the type most commonly found in pubs and have a maximum prize value that is significantly lower than category B.*
- d) Category D machines are the type commonly found in amusement arcades and have lower value prizes and stakes. These may also include "Crane Grab" machines. Some of these are incorrectly labelled as "Skill Machine". Machines fitted with a compensator, which allows it to be converted from a skill machine to a gaming machine, are classified as a gaming machine and need to be clearly marked as such.*

Further more detailed guidance on Permits and Notices is available on The Gambling Commissions website www.gamblingcommission.gov.uk.

It should be noted that a licensing authority can only grant or refuse a permit. It
