6.	<p>LA's Planned School Admissions Arrangements for 2022/23</p> <ul style="list-style-type: none"> • TB confirmed the arrangements for the determination of LA's Community School Admission arrangements. The LA would not be publicly consulting on its admissions arrangements or planned admission numbers for 2022/23, no changes were being proposed. TB advised that, in the light of COVID, a variation to the Year 7 banding arrangements had previously been agreed by the OSA for 2020. This variation would remain for 2021, and until the LA next consulted on any changes. 	
7.	<p>Own Admission Authority Consultations for 2022/2023</p> <ul style="list-style-type: none"> • St Paul with St Luke CE Primary School - notice emailed The proposal is to remove the Foundation and World Faith sections of the admissions policy and therefore the need for a supplementary form to be completed. The AF had no objection. • St Pauls Way Trust Secondary School - notice tabled <ol style="list-style-type: none"> i) The UST would add details to its the processes, in the event of a tie-break situation where the allocation cannot be decided on distance. In the event of a distance tie-break, a random allocation would be used and would be conducted by an independent individual. ii) The UST is proposing to include an additional over-subscription criterion for its secondary schools relating to students applying from Trust Primary Schools. The inclusion of this criteria is not unusual for cross-phase Multi-Academy Trusts and is being proposed to help provide a greater opportunity for families to continue on a longer term journey with the Trust should they wish to do so. The proposed UST linked over-subscription criteria would follow immediately after the criterion that relates to siblings. 	

	The AF's opinion is that schools should be serving of their local communities. The AF was concerned that pupils attending new member schools of the Trust, regardless of where they were in distance from SPWT, would have priority for places over local children. These local children could then be disadvantaged as they would have to travel greater distances to access a school place. TB would raise this concern with the CEO of the UST.
