

# Heylyn Square Community Project

## 1 / INTRODUCTION

PUBLIC CONSULTATION - JANUARY 2019

### ... WHO WE ARE

STATON COHEN landscape architects, have been appointed by The London Borough of Tower Hamlets to develop designs for a community based project to improve the quality of Heylyn Square.

### ... WHY ARE WE HERE

In November, LTS Architects, on behalf of the London Borough of Tower Hamlets undertook a public engagement programme for the proposals for the redevelopment of the buildings and land to the north of Heylyn Square.

Many residents asked what was going to happen with Heylyn Square. We have been appointed to gather ideas from you, in order to develop a project to improve the square.

### ...WHAT IS BEING PROPOSED

1. To understand how the space is used now
2. To understand what you like about the space
3. To understand what you do not like
4. To understand what you would like to happen within Heylyn Square - should there be a community garden? new planting? spaces to meet friends? opportunities to be active?

## 2 / TELL US ABOUT THE SQUARE

PUBLIC CONSULTATION - JANUARY 2019

### DO YOU:

Walk through the Square?

What time of day would that be?  
Which pathways do you use?

Use the Square?

How?  
When?

### DO YOU HAVE:

Particular trees you like?

a wish for more flowers and shrubs?  
a wish for more to do here?  
a wish to observe nature or the seasons?

A desire to get involved with a community project that transforms the space?

Friends you might meet in the Square?  
Particular activities (like table-tennis, or exercise) that you would like to have in the Square?
