

Locksley Site D– New Build Homes Update

July 2017

Many residents will be aware of the council's intention to construct new affordable homes for council tenants on the piece of land next to the Grand Union Canal at Salmon Lane Bridge, adjacent to 1-12 Parnham St.

Tower Hamlets Council have embarked on a new build programme to provide additional affordable housing to relieve over-crowding, improve the quality of accommodation and the lives of tenants, and to assist in the management of anti-social behaviour and crime. The proposals to build on Locksley Site D is part of a wider programme being undertaken by the Council.

We wrote to you in June 2017 to advise residents that the council has spent several months reviewing the scheme and looking at ways to reduce these impacts by making changes to the proposals. The revised proposed development will provide 17 homes with a mix of 1, 2, 3 and 4 bed room flats for social rent and Tower Hamlets Living Rent and will include wheelchair accessible flats.

Would like to inform you that an application for planning permission has now been submitted to Tower Hamlets Local Planning Authority for consideration.
