

Poplar Regen Alliance – Neighbourhood Planning Forum

Our Vision: -

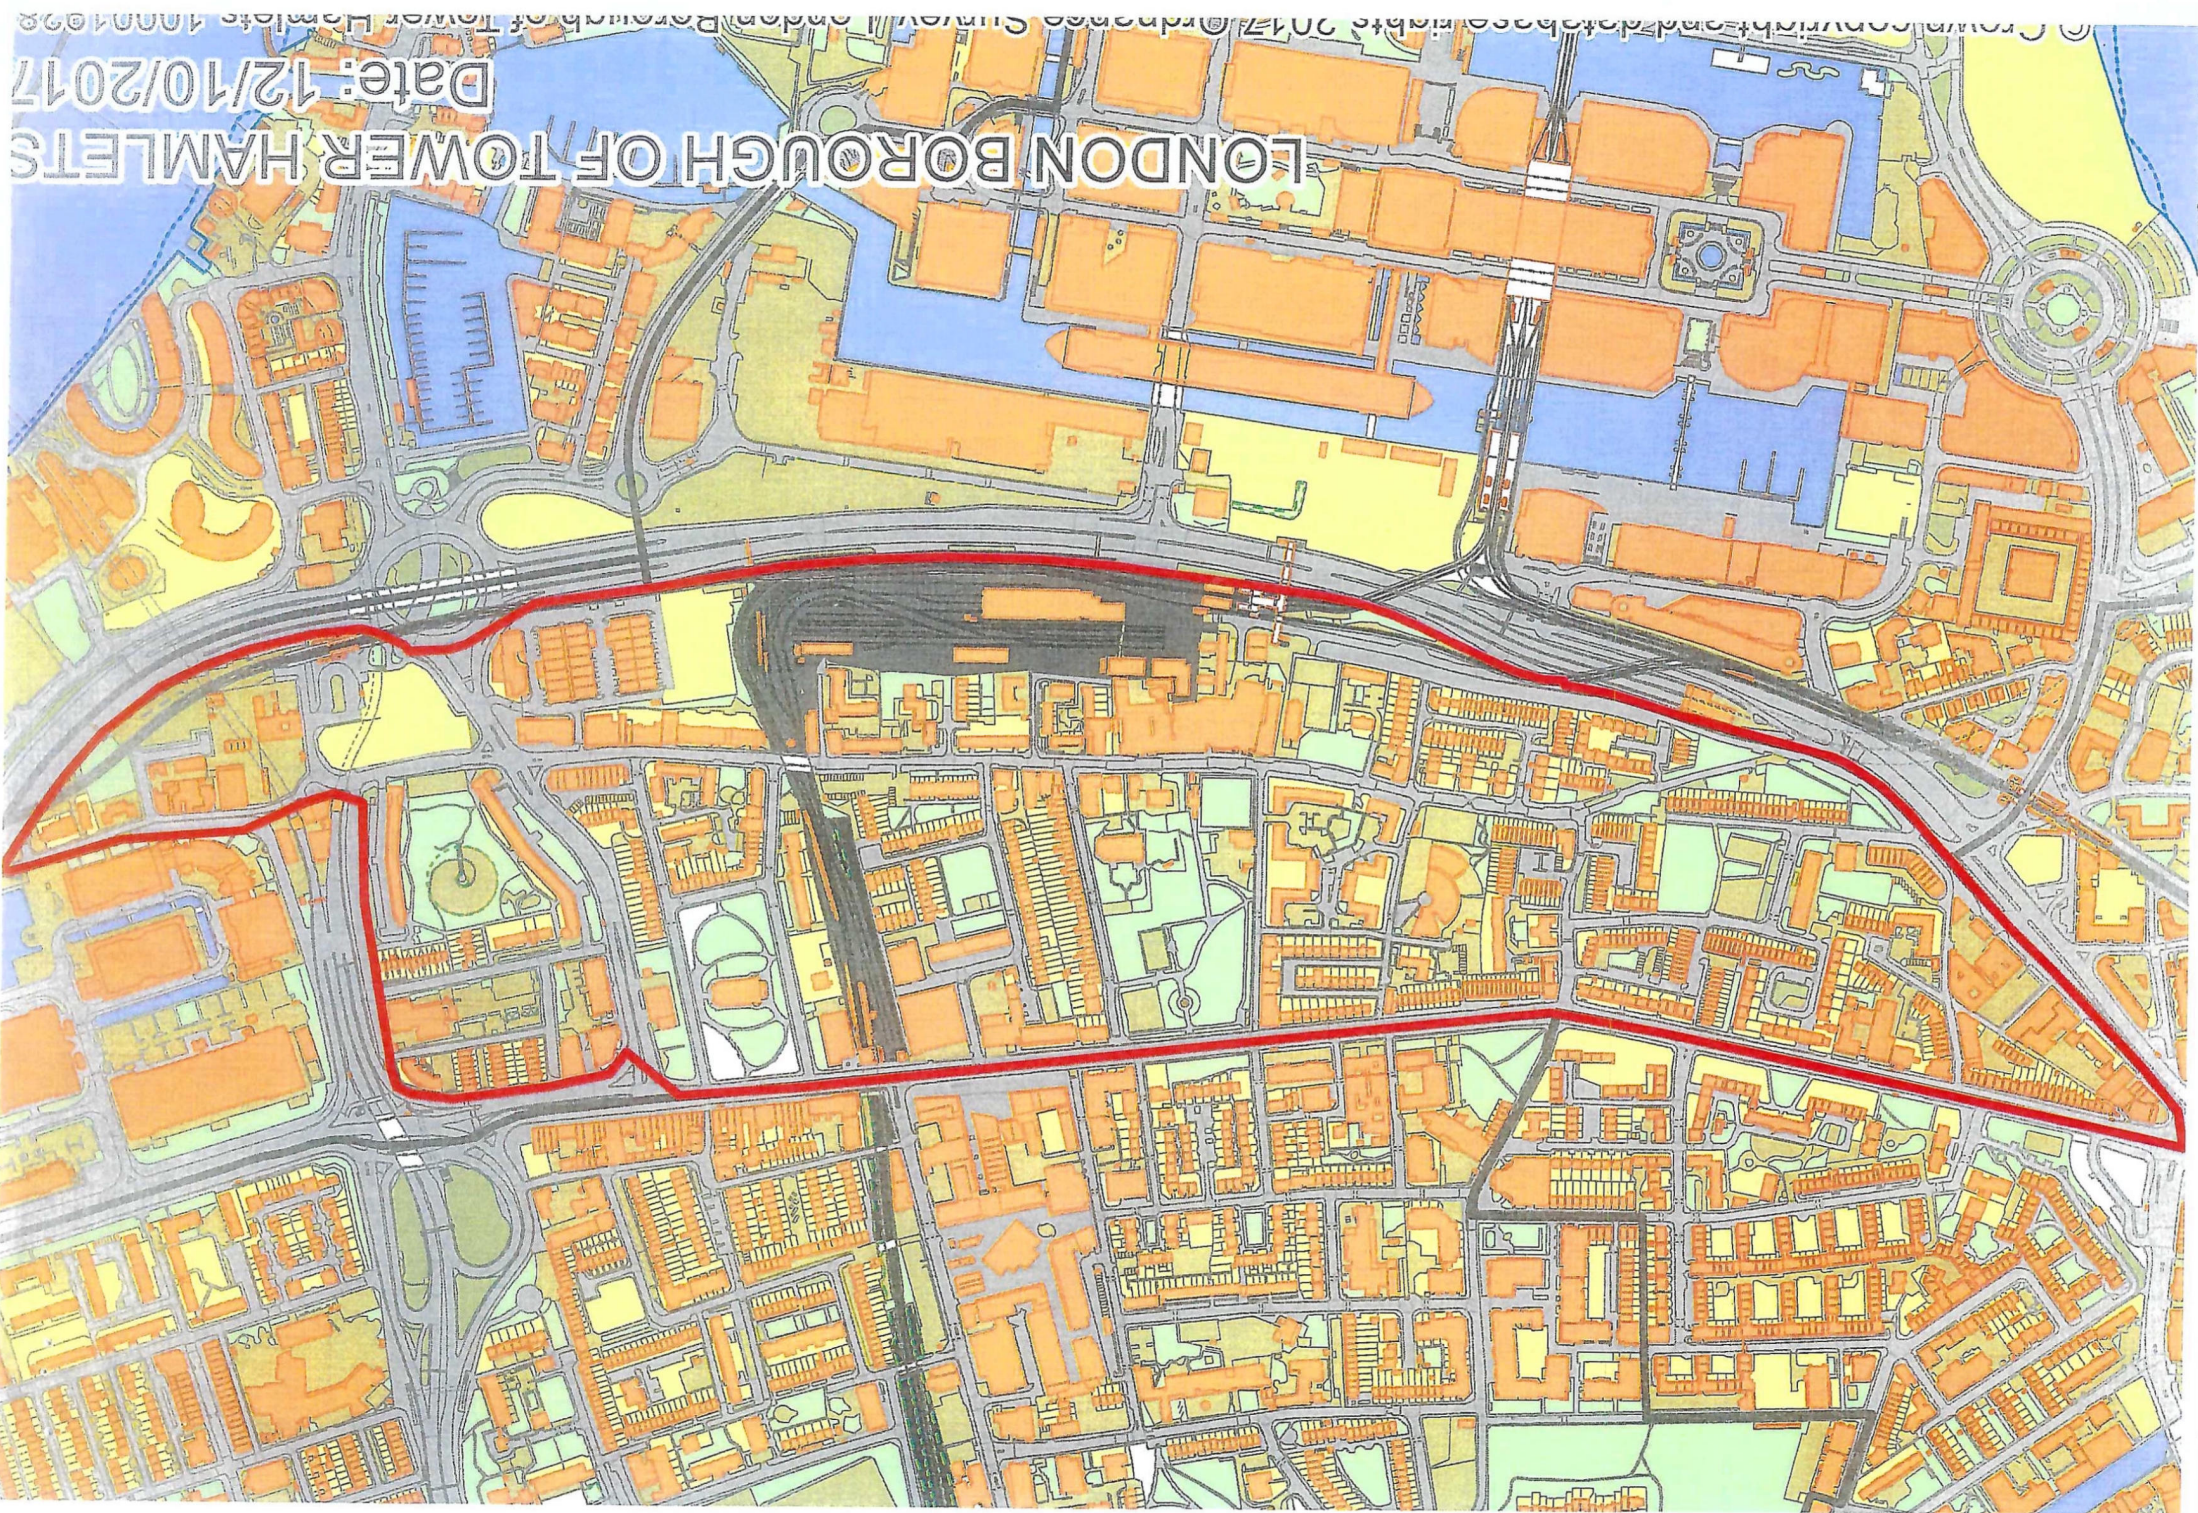

To encourage and nurture an inclusive community in which everyone has a voice and all share a concerned ownership of responsibility for the Poplar Regen Alliance area. All are united in campaigning and working for a replacement of our 500 socially affordable Council Homes lost in 1990's to the LDDC of the Limehouse Link.

We are committed to working to ensure no one has to leave this area because of excessive exorbitant rents and service charges.

We believe that "Houses are homes and neighbourhoods need to be shaped by our vision of community not simply by the market"

"It takes a community to grow a child"
